2. PROGRAM BENEFITS
An effective outdoor education program can provide students with the opportunity to:
♦ Enhance Teamwork, Leadership and Resilience skills
♦ Develop quality relationships.
♦ Enjoy being active in a unique and supportive environment.
♦ Share experiences with their classmates that they will remember for the rest of their lives.

3. MANAGING RISK
Programs conducted at Maroon OEC involve a high level of physical activity and are conducted predominantly outdoors. Maroon OEC is a 30 minute drive from the nearest ambulance, doctor or hospital and, in some instances the response time for medical attention may exceed 3 hours.

All outdoor adventure activities will be conducted by a Maroon OEC teacher with specialised skills and training. As an Education Queensland school Maroon OEC implements risk management procedures that adhere to Education Queensland’s Curriculum Activity Risk Assessment guidelines.

While all care and attention is paid to student safety and well being, the nature of being actively engaged in outdoor adventure activities can be unpredictable. Should an incident occur Maroon OEC is able to respond quickly and efficiently through a safety network incorporating 2-way radios, power boat and four wheel drive vehicles. Students can minimise the risk of an incident with thorough preparation and by demonstrating personal responsibility.
